

In your groups read and study the following sentences. Then match the words with their definitions.

1. There is a serious problem with **deforestation** in the area. We've already lost thousands of acres of forests.
 2. As **fossil fuel** reserves decrease, and soon our mines will close, we really need alternative renewable sources of energy.
 3. Did you know that 90% of the rubbish we make goes to **landfill** sites? I can't believe we're not able to recycle more!
 4. It's winter time, so we're having quite a high level of **air pollution** right now. Do you think I should start wearing a mask for protection?
 5. Around a hundred barrels of **toxic waste** has been stored at the bottom of the lake. This is why swimming is not allowed here.
 6. I'm sorry I'm late, but I got stuck in a **traffic jam**. I didn't expect so many cars at this hour.
 7. Earth's glaciers have been melting as a consequence of **global warming**.
 8. Look at the sign. It shows that this product is **environmentally friendly** which means it does not cause any harm to nature.
 9. It's a very modern building – almost all the electricity is provided by **solar energy**.
 10. In most fast food restaurants they still have **disposable** plates and cups. You can only use them once.
